

## 2nd MORLAND ABINGDON MARATHON

10am OCTOBER 22nd 1989

## LETTER FROM THE RESULTS OFFICER

Dear Marathoner,

Here are the results of the Morland Abingdon Marathon held on 22 October 1989. While the finishing times and positions were recorded by AAA & WAAA officials, the halfway timing was not by officials and it is included only as an indication of how the race developed. Indeed we did have some trouble reading five numbers at 13 miles, due to the bunching of the runners, but I believe we have managed to correctly identify these.

There were 251 entries, up 20% on last year. 188 competitors passed the halfway mark. 175 finished. Of particular note were the three wheelchair competitors: Stuart Anderson, Rosemary Hill, and Paul Scaysbrook.

For safety reasons the wheelchair competitors were started 15 minutes early, but have been included at the appropriate point in the overall results. We had two very late starters, David and Richard Tann, who had been badly delayed on British Rail. They were started by officials 43 minutes late and again have been included with corrected times.

In addition to the performances achieved by the leading runners, it is worth noting that some 27% of finishers broke new personal standards by achieving FIRST MARATHONS or PERSONAL BEST TIMES. Here I would emphasise the information on previous performance is that provided on the entry form. In some cases this was blank and many runners rounded their PB to the nearest minute, so we may have missed some.

Thank you for supporting this event. We hope to be able to repeat it on 21 OCTOBER 1990. The address for any correspondence or for your entry next year is:

ABINGDON MARATHON, PO BOX 106, ABINGDON, OX14 1UZ.

We look forward to seeing you again.

## LATE ENTRIES

Listing of all entries received after 19 October 1989. For earlier entries please refer to the programme.

NUMBER	NAME	CLUB	PB	AGE	ADDRESS	TEAM
